DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 20-23 are rejected under 35 U.S.C. 102(b) as being anticipated by Yoshinaga et al. (5,558,059). Yoshinaga et al. discloses a case member (9) for covering a transmission comprising a maintenance cover (23) detachably mounted on said case member using bolts (see fig. 10), said cover comprising a mount portion (23b) unitary with the maintenance cover and a harness (78) comprising signal wires leading to a sensor (76) directly attached to said maintenance cover. A hold portion (78) is formed along a surface which inclines from an outer circumferential portion of said cover toward a side surface of said cover. A sensor (76) is mounted to orient toward a mounting position of said maintenance cover to said case member, said harness (77) of said sensor being mounted on a hold portion (78)

Allowable Subject Matter

3. Claims 1-10, 12-19 and 24 are allowed.

Response to Arguments

4. Applicant's arguments with respect to claims 20-23 have been considered but are moot in view of the new ground(s) of rejection.

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
